

Questionnaire for the INTEGRATION processevaluation

Dear partner of the INTEGRATION-network,

With the following questions we want to get a feedback for the progress of our project. This is only an internal evaluation and we will not judge your comments. We are interested in finding out whether you are satisfied or there is something that must be changed or optimised. So your answers and the answers of your partners will lead to a collection of statements about our common work which we will present during our next transnational meeting.
